

Mohd Saarim Saifi

I am proficient in Web Development and I have a solid understanding of Python programming along with its various libraries. With six months of hands-on experience in WT, I have honed my skills in creating dynamic and interactive web designs while also leveraging Python for versatile programming tasks.

SOFT SKILLS

Quick Learner

Team Player

Flexible & Hustler

Problem Solver

ANALYTICAL SKILLS

Python	Pandas Matplotlib Seaborn NumPy Tkinter Opencv
Frontend	HTML CSS JavaScript React
Backend	Php Python MySQL JavaScript Django MongoDB
Framework	Bootstrap Flask Django

PROJECTS

Face Recognition Based Attendance Monitoring System-

- I have made an attendance system which takes attendance by using face recognition technique. I have also Integrated it with GUI so it can be easy to use by anyone. GUI for this project is also made on python using tkinter and for recognition we use OpenCV.

Technologies used-

- tkinter for whole GUI.
- OpenCV for taking images and face recognition.
- CSV, NumPy, Pandas, datetime etc. for other purposes.
- Python libraries – Tkinter | OpenCV | NumPy | Pandas.

Quiz Portal –

- Developed an MCQ Quiz Portal featuring questions with one correct answer. Users could select their answers and submit for immediate result display along with graph. Demonstrated proficiency in web development, user interaction, and real-time result rendering.

Technologies used-

- Python language for code.
- SQL for data store in backend.
- matplotlib for showing graph of user result.
- Python libraries – Tkinter | OpenCV | NumPy | Pandas.

My Blog using Django –

- In my Django project. which is created using the Python, HTML, CSS, JavaScript and Django this project enables the admin to add posts, edit posts category-wise, along with the images and Users can see the posts & read the posts.

Technologies used-

- Python language for code, HTML, CSS, JavaScript for designing page.
- Django framework for backend.

Other projects –

Tkinter – Scientific calculator – || W.T – My Portfolio Website –

Agra, U.P.

EDUCATION

Raja Balwant Singh Engineering technical campus , Agra

2020-2024

C.B.S.E Board

SRGMSS School(12th)

2019-2020

C.B.S.E Board

SRGMSS School(10th)

2017-2018

ACHIEVEMENTS

- Qualified NATA (national aptitude test for architecture) exam amongst 28k candidates appeared in the exam.
- Qualified UPSEE exam and secured 2000 Rank in OBC.

EXTRA CURRICULAR ACTIVITIES

- Self earning through Telegram.
- Chess Player: defeat national level chess champ, 2times APSA and 1 time moon played, win many prizes.
- 2 Years of experience of taking interviews throughout English in AURAA.

PAST EXPERIENCE

- python trainee** (04/07 - 21/08)
Dotsquares Technologies, Jaipur
Doing tasks given by the mentor and work with the company for projects.
- Data Analyst** (05/07 - present)
Exterbsclub, Remote
working with python libraries and make major project & minor project.
- Web Developer** (08/08 - present)
TechnoHacks, Remote
complete the tasks given by the company.
